Making Application. The applicant must make an appointment with Staff to file by calling (317) 881-8698. A complete application with all required attachments must be submitted by the date shown on the Application Schedule. - Vicinity Map.** 8 ½"x11" in size showing where the property is located in Greenwood, making sure major streets are labeled. Scale should be approximately 1:1,000.

Step 2: Notifying the Public

If application is made for a Mobile Home Park, Greenwood's Rules of Procedure require you to notify the public of the hearing in two ways: by newspaper and by posting a sign on the subject property. Signing and submitting an Affidavit of Notification verifies this notification. For the remaining residential site plans, public notice is **not** required.

Notification by Newspaper (Mobile Home Parks Only)

1. Attachment B: Notice of Public Hearing for Newspapers. At the application meeting, Staff will complete the attachment.
2. Publish the completed attachment one time in the newspaper listed below **at least 15 days** prior to the Hearing. Failure to meet the publishing deadline will result in a continuance of the hearing for your petition and may cause you to re-advertise. Obtain a "Proof-of-Publication" affidavit from the newspaper for the advertisement. This affidavit must be filed in the Planning Office at least three days prior to the hearing (see Application Schedule on page 3).
 - a. ***The Daily Journal***. Published daily. Information must be submitted by 10:00am at least two days prior to the date you want your ad to be published. They are located at 30 N Water St, Second Floor, Ste A, PO Box 699, Franklin, Indiana, 46131. Phone (317) 736-7101.

On-Site Notification

The On-Site Notification Sign(s) must be posted on-site 15 days prior to the hearing. Post the sign so that it is visible from the street. If the sign should become damaged/removed, replacement signs may be purchased at the Planning Office or a waiver may be requested from the Board/Commission at the time of the hearing (contact Staff for information).

Step 3: Staff Report, Public Hearing, and Application Schedule

Staff Report

After an examination of information in the public record and findings from additional research, Staff shall publish a Staff Report that provides an analysis of the petition request. If waivers are requested or if the magnitude of the project dictates a public discussion by the Commission, then the Commission will schedule the petition for a public meeting. A public meeting, as opposed to a public hearing, does not require testimony from the general public, though the Commission is free to open the floor to the public if it chooses to do so. The staff report shall be published along with the agenda approximately five days prior to the hearing.

Public Hearing

The Commission shall follow its adopted Rules of Procedure for the hearing, a copy of which is available at the Planning Office. Public hearings of the Plan Commission are generally held on the second and fourth Monday of each month in the Common Council Chambers at the Greenwood City Center, 300 S Madison Avenue, Greenwood, Indiana, 46142.

When your request comes up on the agenda, you must present your request to the Commission. You may represent yourself or have a consultant or attorney represent you. You may use any maps or graphics that will assist you in the presentation. If the members need additional information, they will ask questions regarding your request.

Upon conclusion of its public hearing, the Commission will vote on your petition. The Commission may include commitments and/or conditions as part of its decision.

Application Schedule

There is no general schedule for a Residential Site Plan Petition, since each request is subject to Outside Engineering Review. The goal for a residential site plan is to issue a Land Alteration Permit approximately 60 days from the date of filing. As a result, these petitions should be filed at the earliest convenience of the petitioner and a worksheet shall be completed by staff establishing specific dates as benchmarks during the review process.

For Mobile Home Parks which require public notice, refer to the current Greenwood Advisory Plan Commission schedule (Primary Plat, Secondary Plat and site Development Plans) posted on the Planning webpage. Deviations from this schedule are not permitted without approval from the Commission.

Step 4: Petition Information (Completed by Staff at the Time of Application)

The Docket Number for this petition is _____. Please use this number for referencing the request and when submitting additional information/plans in the future.

This petition will be discussed at the Technical Review Committee on _____. The meeting starts at 1:30 pm in the Planning Department meeting room at 300 S Madison Avenue, 2nd Floor, Greenwood, Indiana, 46143.

If this request seeks approval of a Mobile Home Park, this petition will be heard by the Commission on _____. The meeting starts at 7:00pm in the Common Council Chambers of the Greenwood City Center, 300 S Madison Avenue, Greenwood, Indiana 46142.

If Public Notification is required, _____ is the latest date to

- Publish legal notice in the newspaper
- Post On-Site Notification Sign

The Staff Report and Agenda for this petition will be published on approximately _____.

If Public Notification is required, _____ is the latest date to submit:

- Proof-of-Publication from the newspaper
- Form 3: Affidavit of Notification

What Happens Next?

The petition will be forwarded to Outside Review consultant within four days of filing. Upon Completion of Outside Review, you will need to submit five (5) revised sets of plans (as approved by the consultant) and one (1) final drainage report to the Planning Division. The petition will then be scheduled for review by the Technical Review Committee. Subsequent to Technical Review, performance guarantees, inspection and testing agreements, and any necessary dedications must be accepted by the Board of Public Works and Safety; Outside Review Fees must be paid; and desired waivers must be approved by the Plan Commission. The issuance of a Land Alteration Permit will then provide for the commencement of site work.

City of Greenwood Board of Public Works

Attachment J: Stormwater/ Drainage Waiver Request

Project _____

Docket _____

Waivers from these Regulations.

Where the Board of Public Works finds that extraordinary hardships or practical difficulties may result from strict compliance with these regulations and/or the purposes and intent of these regulations may be served to a greater extent by an alternative proposal, it may approve waivers to these stormwater/drainage regulations so that substantial justice may be done and the public interest secured, provided that such waivers shall not have the effect of nullifying the intent and purpose of these regulations. Such waivers may be granted upon written request of the applicant stating the reasons for each waiver and may be waived by two-thirds (2/3) of the regular membership of the Board of Public Works. (Sec. 10-534)

The Board of Public Works may, in its discretion, authorize and approve waivers from the requirements and standards of these regulations upon finding that the following five criteria have been justified:

- (1) The granting of the waiver will not be detrimental to the public safety, health, or welfare, or injurious to other property;
- (2) The conditions upon which the request for a waiver is based are unique to the property for which a waiver is sought and are not applicable generally to other property;
- (3) Because of the particular physical surroundings, shape, or topographical conditions of the specific property involved, a particular hardship to the owner would result, as distinguished from a mere inconvenience, if the strict letter of these regulations are carried out. Financial hardship does not constitute grounds for a waiver.
- (4) The waiver is exclusive to the Drainage Ordinance, and shall not in any manner vary the provisions of the Zoning Ordinance, Subdivision Ordinance, Comprehensive Plan or Thoroughfare Plan of the City of Greenwood; and
- (5) Where the waiver impacts on design and construction of public facilities, all appropriate public agencies will be given reasonable time to comment in writing to the Board of Public Works and Safety.

Attach a separate sheet that thoroughly itemizes, explains, and justifies how each Waiver Request meets each of the Waiver Guidelines outlined above.

I respectfully request consideration by the Greenwood Board of Public Works to waive the requirements established by the following Section(s) of the Greenwood Municipal Code for the Stormwater Drainage and Sediment Control Ordinance of the City of Greenwood: (Staff can assist) **NOTE: Do not use this form if requesting a Waiver from Landscaping, Subdivision, Site Development, or the Zoning Ordinance (parking) requirements.**

1. Section 10- _____: _____
2. Section 10- _____: _____
3. Section 10- _____: _____
4. Section 10- _____: _____

I submit that this request is not in conflict with the Board of Public Works guidelines for review of waiver requests outlined above.

Waivers from these Regulations.

Where the Plan Commission finds that extraordinary hardships or practical difficulties may result from strict compliance with these regulations and/or the purposes and intent of these regulations may be served to a greater extent by an alternative proposal, it may approve waivers to these subdivision, site development, and or parking regulations so that substantial justice may be done and the public interest secured, provided that such waivers shall not have the effect of nullifying the intent and purpose of these regulations. Such waivers may be granted upon written request of the applicant stating the reasons for each waiver and may be waived by two-thirds (2/3) of the regular membership of the Plan Commission. (Sec. 10-501: Subdivision Control); (Sec. 10-460: Site Development); (Sec. 10-103: Parking); (Sec. 10-472: Landscape)

The Plan Commission may, in its discretion, authorize and approve waivers from the requirements and standards of these regulations upon finding that the following five criteria have been justified:

- (1) The approval of the waiver request will not be detrimental to the public safety, health, and welfare, or injurious to property within a reasonable proximity to the subject property involved in the waiver request.
- (2) The strict application of the applicable ordinance standard will result in practical difficulties in the development due to the particular physical surroundings, unique constraints, or topographical conditions of the subject property. These conditions will not substantially alter the character of the subject district or neighborhood.
- (3) The practical difficulties were not self-imposed and cannot be overcome by reasonable design alternatives. Financial hardship does not constitute grounds for a waiver.
- (4) The waiver request is necessary and represents a minimal deviation from explicit ordinance standards.

Attach a separate sheet that thoroughly itemizes, explains, and justifies how each Waiver Request meets the Waiver Guidelines outlined above.

I respectfully request consideration by the Greenwood Plan Commission to waive the requirements established by the following Section(s) of the Greenwood Municipal Code for the Subdivision Control Ordinance, Site Development, Zoning Ordinance as it relates to parking requirements, and Landscaping requirements for the City of Greenwood: (Staff can assist) **NOTE: Do not use this form if requesting a Waiver from the Stormwater Drainage and Sediment Control Ordinance.
